Highlights

For the most realistic sound
These portable speakers create an extra wide stereo soundstage when they are a placed apart, so that each musical instrument appears to occupy a different physical space. The sound is more 3-dimensional and realistic.

Universal 3.5 mm headphone jack
Plug and play with any of your mobile devices that have a 3.5 mm headphone jack – iPods, iPhones, GoGears, MP3 players, laptops, netbooks, music phones and more.

Amp boosts audio performance
Boost your music with an integrated amplifier! The powered amp intensifies the audio for a better stereo experience.

Integrated cable management
Integrated cable management means the product is designed to hold the cords to keep everything neat and organised for travel or storage.

Magnetic snap-together design
Click together and go! The magnetic base keeps the speaker system together so you can easily take them with you.

Two drivers for powerful sound
These speakers feature two drivers, delivering surprisingly clear and powerful sound from a small space.
